

**Subbasins in Alameda
Creek watershed**

Note: subbasin 7 is really tiny because there's a diversion pipe and small lake between these two streamflow gauges

- Yellow dots are streamflow gauges
- Lakes are outlined in light blue
- Subbasin order:
 - Layer 1 (most upstream): 1, 2, 3, 6
 - Layer 2: 4, 5, 7
 - Layer 3: 8
 - Layer 4: 9
 - Layer 5: 11
 - Layer 6: 12
 - Layer 7: 10
